General Terms and Conditions

- Equipment and services must be purchased after May 18, 2009 and before December 31, 2011.
- Work must be completed by a participating Central Hudson SavingsCentral Trade Ally.
- Incentives are available for residential electric customers of Central Hudson.
- It is the responsibility of the customer to assure that all requirements for the rebate are met and that all required documentation is provided.
- Rebate payments will be based on the equipment purchase date.
- Failure to provide any of the required information will prevent processing of your application.
- Central Hudson reserves the right to review the installations in order to ensure compliance with all program requirements. Central Hudson may choose to review locations to verify completion of the projects and to measure and verify energy savings. Such reviews will be made at a time convenient to the applicant, with advanced notice given to the applicant. Misrepresentation of installation location or measure eligibility may result in forfeiture of the incentive award.
- Program procedures, requirements and rebate levels are subject to change or cancellation without notice.
- One rebate check will be issued to the customer applying for each approved and completed application. Where applicable, a separate check will be issued to the contractor for each approved and completed application.
- Installations must be completed in accordance with all laws, codes and other requirements applicable under federal, state and local authority.
- You are urged to seek appropriate consultation concerning any tax liabilities that could be associated with the receipt of the rebate.
- Customer verifies that they have not received any other incentives from any other state programs for the same equipment where a rebate is being requested in this form.
- Central Hudson is entitled to 100% of the energy benefits associated with the rebated measures, excluding the value of energy cost savings realized by the customer.
- Central Hudson assumes no responsibility for the performance of the equipment and equipment warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of the Trade Ally.
- The equipment must be purchased new and installed at the above listed customer location.
- The customer hereby relieves and indemnifies Central Hudson of any and all liability associated with this project.
- I understand that I may be contacted by Central Hudson via survey or questionnaire to provide feedback on my satisfaction with the program.

By signing this application, the customer agrees to the terms and conditions of this document. The customer hereby consents to the utilization and release of his or her energy consumption data and usage by Central Hudson and/or its designees including program administrators and evaluation contractors. These administrators and contractors are obligated to Central Hudson to keep customer information confidential. The release and usage of data will be used only for program evaluation, program eligibility determination, energy savings purposes and analysis and will be kept confidential.

Residential Electric Rebate Worksheet Home Energy SavingsCentral

Central Hudson Gas & Electric has evaluated and qualified the following energy saving measures listed on this page. For an energy conservation measure to be eligible, it must meet the minimum qualifying standards. Projects requesting greater than \$2,500 in incentives require pre-approval. If you have any questions or need any assistance, please feel free to call (800) 515-5353 or visit www.SavingsCentral.com. Please ensure that the product meets the standards in the table listed below.

Installation contractor should complete this side of application.

RESIDENTIAL HVAC

HVAC Systems

Measure	Rebate Amount	Efficiency Criteria Documentation is Required	Manufacturer	Condenser Model # (Outside Unit)	Condenser Serial # (Outside Unit)	Coil Model #	ARI Reference #
Central Air Conditioning	\$ 400	SEER >= 15 EER >= 12.5					
Central Air Conditioning	\$ 600	SEER >= 16 EER >= 13					
Central Air Source Heat Pump	\$ 400	SEER >= 15 EER >= 12 Plus HSPF >= 8.5					
Central Air Source Heat Pump	\$ 600	SEER >= 16 EER >= 13 Plus HSPF >= 9.0					

SEER – Seasonal Energy Efficiency Ratio EER – Energy Efficiency Ratio HSPF – Heating Season Performance Factor

Other Measures

Measure	Rebate Amount	Efficiency Criteria Documentation is Required	Manufacturer	Model #	Serial #	Quantity
ECM Furnace Fan*	\$ 200	Listed on Sales Receipt and Installed on Air Source Heat Pump or Furnace				
Electric Heat Pump Water Heater	\$ 400	Energy Factor > 2.0				
Programmable Thermostats	\$ 25	Listed on Sales Receipt			n/a	

* An ECM fan installed as a factory component of a central air conditioning system is NOT eligible for an additional \$200 rebate. A new ECM furnace fan is eligible for a \$200 rebate if installed on a furnace or an air-source heat pump. The same ECM fan will not receive an incentive under both the natural gas and electric programs.

Incomplete information will delay or disqualify your rebate.

Total Rebate Amount Requested \$

Air-Conditioning, Heating and Refrigeration Institute (AHRI) maintains a directory of certified product performance for HVAC equipment. Visit <http://www.ahridirectory.org/ahridirectory/pages/home.aspx> to search for products that meet the program's minimum efficiency requirements. Eligible equipment must meet ARI ratings.
